

MAP OF ARKANSAS VALLEY AREA

showing location and depth of test holes,
and chloride content of water samples

by

Charles K. Bayne
1960

Bulletin 158
Plate 6

State Geological Survey
of Kansas

EXPLANATION

Length of vertical line represents thickness of material above bedrock. Line connecting analysis and year to vertical line indicates depth of which sample was taken from test hole.

$\frac{1380}{56}$ Upper number gives chloride concentration in ppm.
Lower number indicates year sampled

- Complete analysis given Table 6
- Partial analysis given Table 7
